Today's Meeting

In attendance:

President Karl rang the opening bell at seven this morning. Present were: **Charlene G., Roy B, Ray, Marv, Jerry, Randy, Mike, and Susan.**

Charlene G. led the pledge and **Jerry** gave the invocation.

Randy had some question on the profits from the “**Crab Feed**”. He couldn’t see how we could make that much net from the 130 tickets sold. A lot of money was returned on the after-sales of crab and chicken plus the auctions and drawings.

Susan brought up the possibility of a “**Trek for Trash**” before our bike project in June. **Rotary International’s Work Day**” is April 25 which is usually the day we sponsor a **Trek**. That puts a clean-up pretty far ahead of the event. Something will work out!

Our **Calcutta** is only a month away; **March 14**. We had better start getting our heads into ticket sales again.

Today's Program

Roger Bio

Roger was born in Oakland, California in 1945 and moved to Hayfork in 1947, can’t you picture a two year old tot with all his possessions in a bandana at the end of a stick headed for Hayfork.

Raised in Hayfork he had only one choice—to work in a forest. After college and marrying a lovely girl, **Judy**, in 1968 he spent his entire working career, 21 years, with the dept of forestry. During this time he managed to raise 2 children, none of which saw pictures of him as a two year old--thus they remained in Hayfork.

In 1993 Roger started his second career with the “**Water Shed**” again in the forest. He wasn’t so dedicated this second time; he lasted only 9 years here.

Roger is still deeply involved with trying to get better forest management especially where fires are conserved.

Now **Roger** is in politics, ‘deep in the forest’, as **County Supervisor**.

We love you **Roger**--keep up the good work.

The **Hayfork Century** ride is cycling right along, a little bit here and little bit there. Big meeting next week.

Announcements:

Karl brought up our **Anniversary** meeting on **March 18** and the fact we need to elect a new **Director** and a **Incoming President**.

Mike is always involved in the bar and came up with another crippling fact in our quest to get out from under the legal ramifications of running a bar. We can't get a license for the bar because we do not have a **non profit** status. Looks like we will have to run the bar through the fair. The **Board** gave **Mike** the authority to get the license arranged through the **Fair**. We are cutting it pretty close if we are going to have liquor at the **Calcutta**.
