Today's Program

This our meeting day for the bike project. Thing are going along pretty well. **Karl** still has a full head of hair, and **Mike C.** is still talking to us.

We are trying to get **'First Responders'** arranged but that is falling into place.

Ray has stepped forward and is taking care for the rest stops. He will get the volunteers arranged and get them headed in the right direction.

Roy B. brought up the signs and how we were going to letter them. We thought of using **'stencils'** and coloring in the breaks in the letters. He still has not gotten the size and letter size from **Cal Trans** yet, can't catch the man in. Will tyry for 2' X 3' signs with 6" letters.

The subject of an **'appreciation'** dinner for all those who helped with the project. We might also consider that some of the organizations involved might wan't a cut of the pie!

If the weather clears up **Roy B.** hopes to get out and get some pictures for the web sites.

We will need lots of help in the bar because of our new routine, but that will get handled. How we are going to handle tickets for the bar is in question. Where the tickets will be sold and are going to issue 'wrist bands'.

With the funds from this project we should be in pretty good shape in our funds dept.
