## Today's Meeting

*In attendance:*

**President Karl** rang the opening bell at seven this morning. Present were: **Charlene D., Jerry, Charlene G., John, Roger, Roy B,** and **Mike.**

**John** led the pledge and **Jerry** gave the invocation.

**Dave Schumaker** graced us with his presence and he has some good news. He found a buyer for his home here in the valley and he's has only 5 days to get the place ready for the new owners. He said that his lovely wife **Pat** is recovering from her maladies that forced them to move from the valley to a wetter climate. Her eyesight has returned and she is enjoying outings with her favorite pastime, horseback riding. **Dave** enjoys it too; he is involved with bird projects over on the coast. From kids to birds--I guess they tend to drive you in that direction. We will be sorry that **Dave** will no longer have a reason to visit with us.

**Mike** did some research on our 501---the project trying to determine which part is the correct one for us. Seems like 501 C3 is getting the vote at the present. We are pushing this project because it is costing us a fortune with our "BAR" work without it.

## Today's Program

**Janet Reeves** was inducted as our newest member today under the eyes of her sponsor **Charlene G.** It was a happy occasion as we are always looking for someone to share the burden. We have already lined up several projects just waiting for her accounting skills. **Welcome aboard Janet!**

### HAYFORK CENTURY MEETING

**Karl** said he sent in the last bit of paper work for our permit from **Cal Trans.**

We discussed the prep for the **Aid Stations** and where all the **Johns** would the placed.

We discussed the necessity of alerting the **Fish and Game Dept.** to be on the lookout for any rogue game or armed bikers. We figured that would work itself out.

We discussed the work being done on Hyampom Rd. and checking with both the contractor and the **TC Road Dept.**

We adjourned so that we could meet with the **Forestry Dept.** and get their requirements. The meeting went well and no big issues were offered. We have to be a little creative in the way we price our cost for the ride or the government will be walking away with all our profits.

## Announcements:

- Mystery Dinner April 18

**Karl** decided that our 5<sup>th</sup> Wednesday meeting will be an evening meeting with a **pot-luck** with the club supplying the meat. He didn't say but I imagine the better halves will be invited. If they have to cook something for this dinner they had better be invited. **Karl** hinted that some of our past and present volunteers will be invited.

**Karl** said that our **Bike Committee** meeting will be on April 1 because of the presence of **Karl Diekman**, our future Gov. He will discuss the future of "Camp Royal".
