## Today's Meeting

*In attendance:*

**President Karl** rang the opening bell at seven this morning. Present were: **Charlene D., Charlene G., John, Roy B, Roy Y., Marv, Ray, Janet,** and **Mike.**

**Mike** led the pledge and **Ray** gave the invocation.

I have to apologize for getting dates turned around on the visit of **Karl Diekman.** He will be here next week, and he is bringing several other people to get me squared away.

**Mike** brought us up to date on the on the **Wine and Cheese event** on May 9<sup>th</sup>. We're getting things organized and all the ducks walking in the same direction.

'**Sober Grad Nite**' was brought up and was continued to the next **Board Meeting.**

**Roy Y.** told us there will be a **Cemetery** clean-up on **April 4<sup>th</sup>**, bring your rake and shovel. A '**shovel**'-- what kind of a work party is this, **Roy?** He also brought us up to date on his research on the new gratings for the BBQ pits. Those little gems are going to set us back about \$500 each. **OUCH!** **Roy** also had a birthday on the 28<sup>th</sup>"

## Today's Program

**Dorie Viel** presented a very interesting proposal to the club today. She is always trying to get her charges to integrate with the community and learn skills that will help in the outside world.

She proposed that she have some of her kids generate programs that tout the '**Rotary 4 Way Test**' and to let the kids and adults know just how much the community relies on the **Rotary** and their deeds in the community. The '4 Way Test' is something the kids should strive for in their own lives.

It is trying to let kids and adults know that vandalism in the parks and community only take away from new amenities in the park and other forms of recreational advances. This accomplishes about the same thing as a speech but doesn't hang the kids out in front of a bunch of adults, when some do not even deal with their '**peers**' very well.

## HAYFORK CENTURY MEETING

We covered much of the same ground in our '**BIKE**' meeting today. We did get our permit from **Cal Trans.** They wanted a pat on the back for being so congenial so I'll give them a passing grade so we don't have trouble in the future. Road marking should be in colors so we will have to go looking for something more high tech than chalk.

I've ordered forms from the County government, and they informed me that they don't like big city sign rules.
