## Today's Meeting

*In attendance:*

**President Karl** rang the opening bell at seven. **Randy, Janet, Marv, Roger, Roy B, Susan, Charlene G., Charlene D., Donna, Ray, and Mike** were in attendance. **Susan** led the pledge, and **Jerry** gave the invocation.

**Roger** tried to give us some insight on monies coming in from the **Feds**, but it is a useless endeavor. Anybody in the state government who sees a loose dollar will find a way to use it for his own embellishment. We are so far out of the main stream we might as well ask "**Kim Jong-il**" for a buck.

**Charlene D.** had some petitions to sign for our Congressmen asking to funds for the fire station. They only want to loan us the money. I guess we are too 'small to save'.

Papers were being sent around committing us to work the "**Hayfork and You**" on 19-21 June. Three people per shift, please.

This is the week for "**Camp Royal**" and the 19th is party night at **Camp Royal**.

## Today's Program

**Hayfork Century** is beginning to look more like the sixty-five and a half.

This seem to be coming together slowly but surly. **Karl** went down the list and found not too many unanswered questions.

The signs were finished last week with the help of **Sara Curry**. She did a fine job with the tools at hand. The stencils were hard used after 10 signs; they were shot after 20 and taped together for the last 10 signs.

I took some picture to add to the web page last Sunday. Time of day wasn't great but they may add some glamour.

## Visiting Rotarians:

## Guests of Rotarians:

Lee Fulton was introduced as a guest of his father.

**Mike** reminded us that we are going to have another \$750 going out for our 501----- and our commitment to the **Rotary Foundation**.

**Hyampom RD.** closure was a big topic and when will it be open again. The road seems to be passable if you consider a big hump in the road passable. With all the extra work on the slide it may deter some of the destructive work that we were hoping won't occur.
