## Today's Meeting

*In attendance:*

**President Karl** rang the opening bell at seven. **Randy, Janet, Marv, Roy B, Susan, Charlene G., Charlene D., John, Jerry, Ray, and Mike** were in attendance.

**John** led the pledge, and **Jerry** gave the invocation.

We received a thank you letter from the **Watershed** for our help with the **Wine Gala**.

**Karl** got a notice of help and info on the “**Shaken Baby Syndrome**“ form **District**. If we need training or practice dolls we can get support from them. **Practice and training** on the offenders would much more effective.

**Karl** reminded us that we needed to start in our selection of **Citizen** and **Rotarian** of the year.

We have a missing dog report, we probably more than one, but only one hit close to home. **Roy Y.’s** dog bolted during the latest thunderstorm and not yet turned up. We have had cases of horses and many other animals running of the latest storm. Our 19-year-old “death” cat just sleeps through the whole thing.

## Today's Program

Last meeting before the bug day.

**Mike Cherney** went through the program step by step to make sure all the point was covered and under control. All bases were covered and no problem was found at this point. Looks like the expertise of our project leader has pulled us through. We had no slackers on the team and no errors were committed. With **Karl’s** commitment to keeping the entire task recorded on the computer, we can turn **Karl** lose and he can do it all by himself next year.

Rider count is little less than we had hoped for but this maybe good for practice.
