Today's Meeting

In attendance:

President Karl rang the opening bell at seven. **Janet, Roy B., Charlene DG., Ray, Roger, John, Randy, Susan** led the pledge, and **Jerry** gave the invocation.

Camp Royal is finished and we have **Randy** back well used; maybe we had it better in the cook shack.

We were lucky to come out of our 'Hayfork N U' project with out shirts. More spuds went to the **HOGS** than went out the door; too many outside events for the riders and no **B&B** to keep them on the grounds. Have to really think about working this event next year. Complete cost on this project is yet to be determined.

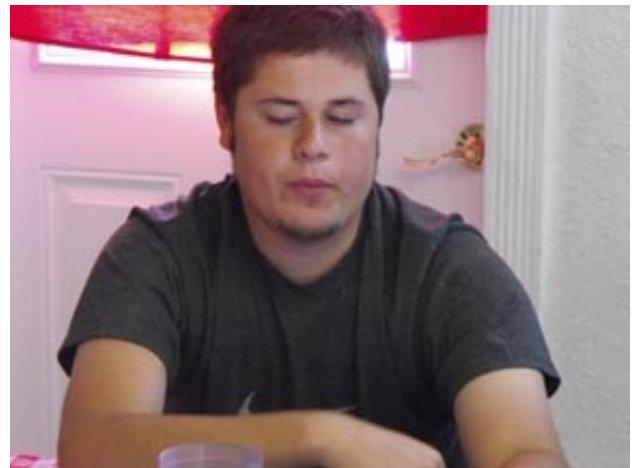

There will be a debriefing on the "Hayfork Century" project next week, another weak provider in our summer of need.

It's hard to find enough news to fill the 'white spaces' as our illustrious leader like to call them, and the public keeps clamoring for more pictures.

Today's Program

Ryan Gonzales gave a brief talk of his experiences at **Camp Royal**. Like all participants he was unable to believe he could accomplish the things they teach you in surroundings that most kids never get to see or enjoy. There is talk of changing the curriculum at **Camp Royal** because it is the same thing every year. **Change** is a great thing, isn't it!

Well **Ryan** isn't quite sure. When you ask for 'change' you had better stipulate what kind you are expecting!

Good luck **Ryan** in your "Community Project" you are planning for **Christmas**. **Ryan** is working on **Baskets** for the needy during the holiday season.
